

Foldable Clip Board

- Portable clip board to become half size
- The wide spine makes enough space for the paper (inside the clip board) to be kept without it folded tightly.
- Open the Clip Board which becomes flat for writing.

POINT 1

You can write smoothly while standing because the board become flat.

Back side

POINT 2

The stopper protects the paper from protruded.

POINT 3

Comes with rubber band for convenience to carry around.

POINT 4

The gusset can give some space inside the clip board for the paper to be kept without folded.
