

# SATSUKI brand Senior Car

We, NAKABAYASHI, have been trying to make a growth strategy through challenging our new business and new products. We have entered into Senior Products Industry.

As aging is increasing rapidly in various countries, Senior Products market is expected to greatly expand as the population grows older.

SATSUKI is Japanese manufacturer who is producing Senior Car, Wheel Chair and Walker for aged person. We have collaborated with them and represented the sales of their products worldwide.
